FAQ'S

How do you know which University is the best in Australia?

- One cannot rate universities in Australia as there are numerous universities and all are regulated under the Vice Chancellors Committee, which follow the code of ethics. Students generally follow the market trends like MBAs or BBA, MIT etc., but it would be unfair to judge universities as one can only compare the course structure and faculty

How long does Visa application procedure require ?

- The average time taken by the Australian High Commission for the visa procedure is anywhere between 4 to 12 weeks depending on the individuals background, so the students need to apply for their visas atleast 3 months prior to their course commencement.

Can I find a Job placement after my course completion ?

- International students who complete at least two years of study in Australia may be eligible for a Temporary Graduate visa (subclass 485), allowing them to stay and work after graduation based on their qualification.

Are Credit transfers possible?

- As the Australian Government recognizes Indian Universities, credit transfers are possible. However for this the students are required to submit their course syllabus to the institution and it can take minimum of 6 months for credits to be granted.
